✈ branch

Third Party List

The list below identifies vendors who process personal data on Branch's behalf where Branch is providing services to customers as their processor, service provider, or equivalent under applicable privacy law(s). Branch will update the vendors listed on this page as appropriate, and will further provide any contractually-required additional notifications to customers.

Vendor Name	Purpose
Amazon Web Services (AWS)	Branch is hosted on AWS cloud servers
Zendesk	Branch data subject request portal
Atlassian	Internal tool used to process data subject requests
